Casper's Musicals
Promising Event.
A promising musical will be held in the parlors of the Central Union church next Monday evening, January 10, by Mr. George Casper, violinist, when he will play a program of his own compositions. Most of these pieces were composed in Honolulu and several are dedicated to well-known people of this city. Those who have heard these pieces and are competent to judge say they are full of interest and show great talent, are very melodious and contain great counterpoint harmonies.
Mr. Philip C. Hall, tenor, will assist Mr. Casper in this musical and Mr. Frank Moss, the talented pianist, will play the accompaniments.
No tickets will be sold at the doors. Admission will be by subscription, which is in charge of Mr. Philip C. Hall.

Mr. and Mrs. James Collins
Entertain on New Year's Eve.
One of the pleasurable affairs on New Year's Eve was the delightful dinner at which Mr. and Mrs. James J. Collins were hosts. The scene of the

occasion was their beautiful home in Kaimuki.
The decorations were in keeping with the holiday season, being of poinsettia and Hawaiian holly. The center of the table was adorned with a basket of American Beauty roses. After dinner the guests motored to the reception at the palace and the ball at the armory.
Mrs. Collins looked charming in a cerise colored satin with an over-dress of black chiffon. An attractive picture hat completed the costume.
Miss Margaret Collins was particularly noticed for her gown of peach blow satin and white chiffon trimmed with white fur and embroidered in rosebuds. A string of pearls was her only ornament. Covers were laid for Mr. and Mrs. T. K. Myres, Miss Margaret Collins and Mr. and Mrs. James Collins.

HAVE YOU DYSPEPSIA?
Can't Eat, Can't Sleep, Always in Pain and Suffering
"Eat What You Want," Says This Physician.

"Indigestion and practically all forms of stomach trouble are, in almost every instance, due to hyperacidity. Too much acid first produces dyspepsia and indigestion; next the stomach walls become irritated and it is only a short time until it eats through the walls, causing ulcers in the abdomen, which in turn are followed by cancer and death; therefore stomach sufferers are required to avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you try a meal of any food or foods which you may like in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. Drugs only upset the stomach. Bisurated magnesia has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining; it does more than could possibly be done by any drug. As a physician, I believe in the use of medicine whenever necessary, but I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your drug gist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and you will find you sleep well and the usual belching, gas, sour stomach, bloating, indigestion and other conditions entirely removed." THE VALUE OF TRUTH
Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.
Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are untarnished, unexaggerated truths about a household remedy of real and actual worth.
The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from harmful drugs—a wholesome food-tonic, truthfully advertised.

KILL COCKROACHES

Easy Matter to Exterminate These Filthy Pests.

Even a feeble imagination can think of the germs the cockroach must bring as it crawls around the kitchen and pantry, contaminating and spoiling food. Now is the time to kill off the cockroaches and free your home from the repulsive insects. A dozen cockroaches killed now is better than killing hundreds later.

A two-ounce box of Stearns Electric Paste, which you can get for 25 cents from any druggist, will rid your home of cockroaches or water bugs. It is much better than powders, as it can not blow away and get into the food. Easy to use and an absolute exterminator. Directions in 15 languages in every package.—Adv.
